

HALO	Refer to Colour Mastersheet
Dimensions	195 mm x 195 mm ; Thickness : 59 mm
Weight	4.20 kg
Face Detail	Double Sided
Description	Defined by concentric curves and a central void, Halo brings softness and symmetry to any space. A bold yet calming architectural element.

PELICAN	Refer to Colour Mastersheet
Dimensions	195 mm x 195 mm ; Thickness : 118 mm
Weight	2.45 kg
Face Detail	Double Sided
Description	With a wide, tapered opening and clean lines, Pelican evokes a sense of lightness and lift. Designed for both form and function, it offers elegant airflow and striking shadowplay.

ORCHID	Refer to Colour Mastersheet
Dimensions	195 mm x 195 mm ; Thickness : 59 mm
Weight	2.55 kg
Face Detail	Single Sided Double Sided
Description	Delicate yet structured, Orchid captures the elegance of a blooming flower. Its petal-like geometry adds a soft, organic rhythm to walls, blending beauty with natural ventilation.

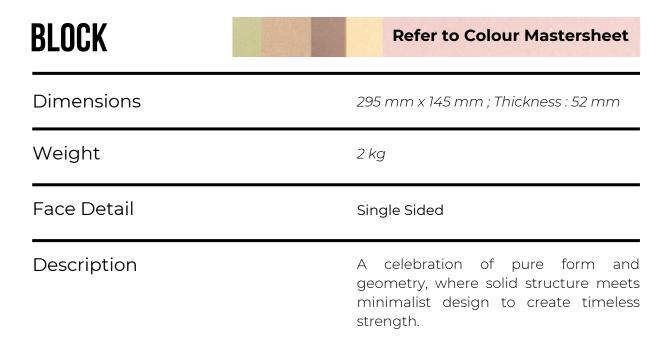

ZIGGY	Refer to Colour Mastersheet
Dimensions	195 mm x 195 mm ; Thickness : 59 mm
Weight	3.3 kg
Face Detail	Single Sided
Description	Angular block, inspired by Bowie's iconic style. Durable concrete with a striking trapezoidal cutout for bold designs.

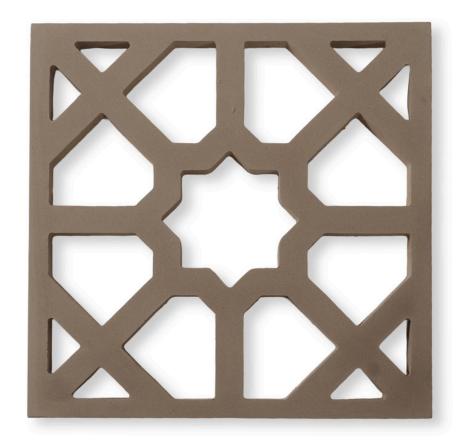

TYNDALL	Refer to Colour Mastersheet
Dimensions	195 mm x 195 mm ; Thickness : 59 mm
Weight	3.4 kg
Face Detail	Double Sided
Description	A design inspired by the Tyndall effect - where light diffuses through fine particles, creating a soft, ethereal glow.

FLUX	Refer to Colour Mastersheet
Dimensions	195 mm x 195 mm ; Thickness : 59 mm
Weight	3.65 kg
Face Detail	Single Sided
Description	Fluid block with organic, L-shaped cutout for dynamic light and shadow play.

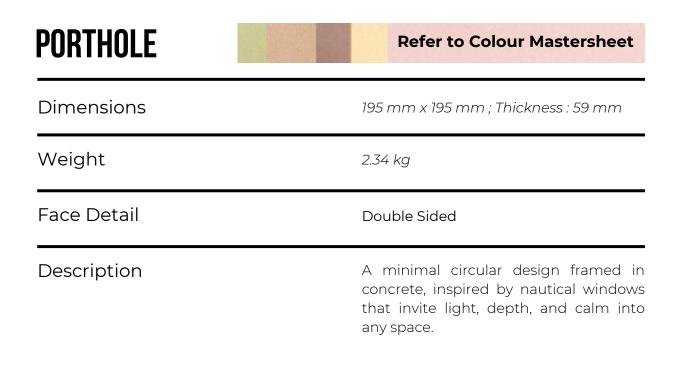

KAIRO	Refer to Colour Mastersheet
Dimensions	345 mm x 345 mm ; Thickness : 25 mm
Weight	3.2 kg
Face Detail	Single Sided
Description	A modern take on traditional jali patterns, where geometric precision meets the poetic play of light and shadow.

AXIS	Refer to Colour Mastersheet
Dimensions	195 mm x 195 mm ; Thickness : 59 mm
Weight	3.2 kg
Face Detail	Double Sided
Description	Delicate yet structured, Orchid captures the elegance of a blooming flower. Its petal-like geometry adds a soft, organic rhythm to walls, blending beauty with natural ventilation.

CANYON	Refer to Colour Mastersheet
Dimensions	300 mm x 100 mm ; Thickness : 59 mm
Weight	2.3 kg
Face Detail	Double Sided
Description	Inspired by wind-carved landscapes, Canyon embodies depth, movement, and light. Its elongated opening mimics the natural cuts of stone shaped by time, allowing air and sunlight to pass through effortlessly.

GS

Prototype Creation

- -Submit your custom jaali design
- -Provide inspiration, sketches, or detailed specifications
- -We create a prototype based on the design

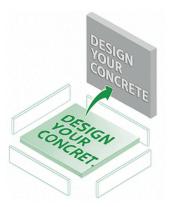

Mould Fabrication

-Your design is shaped into a custom mould to match the design's depth and detail

Concrete Casting

The design comes alive as concrete is poured, setting form and texture into permanence.

Demoulding

Once cured, the panel is carefully demoulded to reveal its defined form and texture.

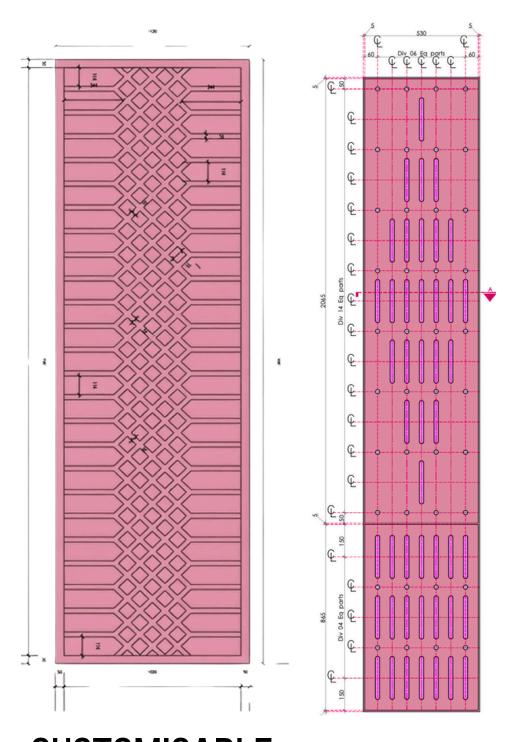

Final Approval

- -Examine the sample in your space
- -Provide feedback or grant final approval

Production & Delivery

- -Full-scale manufacturing begins
- -Quality-controlled production and timely shipping

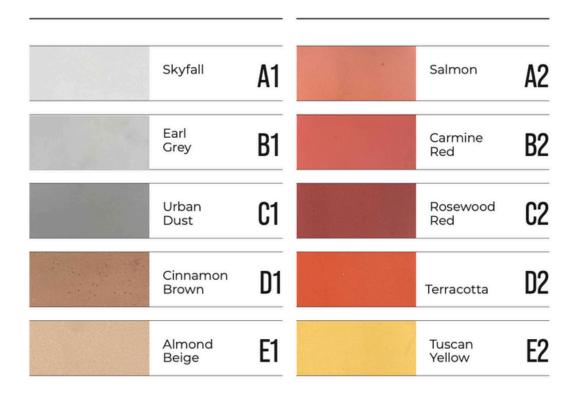

CUSTOMISABLE UHP GRC JAALI

Ultra High Performance Glass Reinforced Concrete

SMOOTH FINISH

NATURAL FINISH

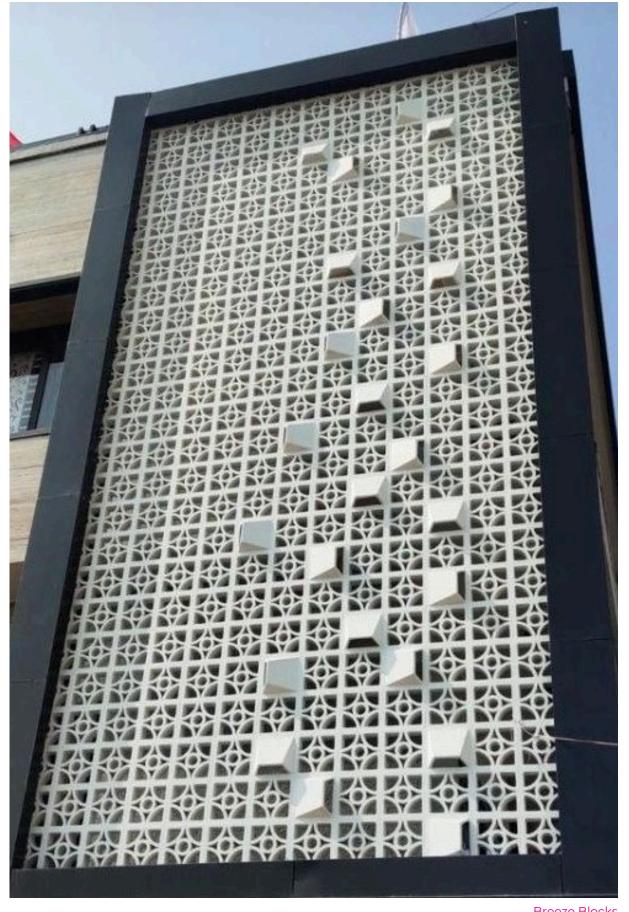

COLOUR MASTER SHEET

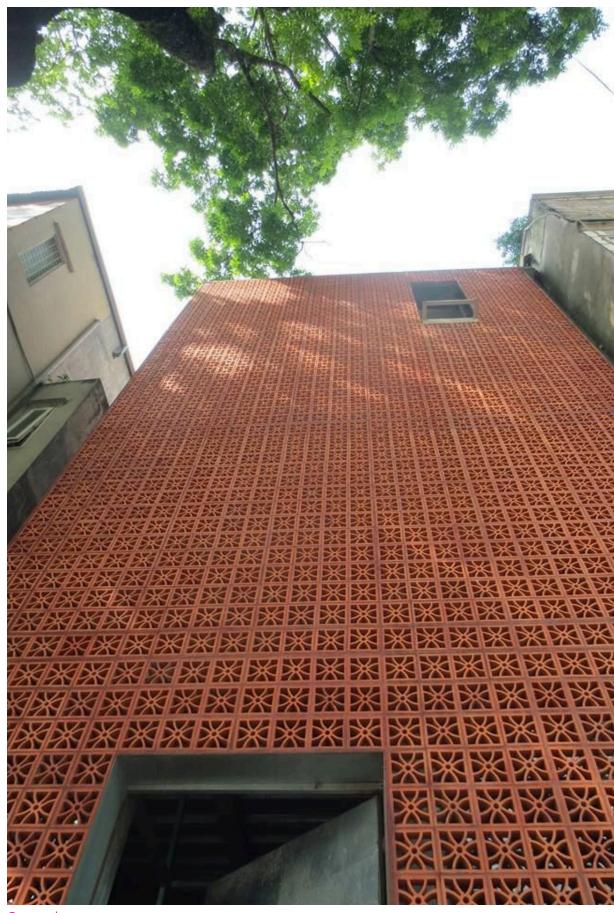

NOTE: The tiles and panels are manufactured in controlled manufacturing environments using a consistent proportion of pigments for each batch. However, because concrete is a natural mineral based material, subtle colour variations might occur. Mottling tones and peculiar variations in tone and texture make the material naturally unique.

Aside from the colours that are shown below, we can custom create any shade to match your requirement.

Greyscale Breeze Blocks
