Urban furniture, signages & fixtures by Greyscale

Note:

- 1.All the images below are for reference only.
- 2. Exact design depends on the customisation specified project to project.
- 3.All designs can be made in a modular fashion (separate components assembled together); Some designs can also be made in a monoblock manner as well (as a single piece casting).
- 4. Things to keep in mind when shortlisting designs is weight, fixing details, transportation possibilities and load bearing capacity.

Customisation Possibilities:

- 1. Size, shape and thickness are fully customisable
- 2. Colour full body and all pieces will be integrally full body coloured. Colour is fully customisable.
- 3. Texture ranges from polished concrete matte concrete, natural concrete, sandblasted, etched, terrazzo, weathered finish. Same piece can have multiple textures too.
- 4. Fusion of metal, wood or other materials is also possible.
- 5. Logos/Art/Name can be casted in concrete as well.
- 6.Use of metallic or non metallic stains to create various effects and make geometries and text on concrete is also possible.
